Former Superintendent Believes **Action of Employees Was** Justified.

The following letters which have been received from W. H. Gwinn, former superintendent of the State Hospital for the Insane at Chattahoochee,

Huntington, W. Va., July 21, 1905. Hon, Frank Mayes, Pensacola, Fla.: Dear Sir-I herewith enclose you communication which I would like to be placed in the columns of your paper for publication. This paper explains itself and hope same will receive your attention. Thanking you in advance, beg to remain,

Yours very truly, W. H. GWINN.

The communication referred to is a

Gentlemen-In a copy of your issue of the 15th inst., which has just come into my hands, I notice an article on the "Asylum Strike." Permit me to say through your paper that I think the so-called "strikers" have been unjustly treated and I cannot blame hem for the steps they have taken.

They are a good set of people from a moral standpoint, and any other standpoint, and they certainly do not deserve the unkind things that have been said about them. I know these people and know that no better class of employes can be had anywhere and they will compare favorably with any set of nurses or em-MEMBERSHIP RATES \$1.00 PER ployes in any other State Hospital for Insane. Their moral character, hon-Ladies and Gent's Clothing cleaned, esty, industry and integrity is unsuret and repaired. Goods called for passed. They should be held by the people of Florida in the highest regard and esteem. I have always held them as such. If I ever doubted ones hon-Pensacola, Fla., esty, veracity or morality that one was soon informed and the necessary steps were taken for his or her re

OLD SORES ROOTED IN THE BLOOD

Old Sores are the result of a deeply polluted, foul blood supply. The blood is filled with poisons, and as it finds an outlet through the ulcer, the surrounding parts become diseased and the sore eats deeper into the tissues and flesh and becomes a permanent trouble.

Some years ago while at work, I fell over a truck and severely injured both of my shins. My blood became poisoned as a result, and the doctor told me I would have running sores for life, and that if they were closed up the result would be fatal. Under this discouraging report I left off their treatment and resorted to the use of S. S. S. Its effects were prompt and gratifying. It took only a short while for the medicine to entirely cure up the sores, and I am not dead as the doctors intimated I would be, neither have the sores ever broken out again, and some twelve years have elapsed since what I have described occurred. Having been so signally benefited by its use I can heartly recommend it as the one great blood purifier. Wheeling, W. Va. J. W. FUNDIS. Care Schmulback Brewing Co.

Salves, powders, plasters, etc., do no good, and the sufferer gets disgusted and often despairs of curing an old sore. The

John Thomas Porter Writes Interestingly of Travels in Western States.

Editor Pensacola Journal: Our next journey lay over the most southern of the great network of the Santa Fe railroad systems and I will try to give your readers some idea of just that part of a like area of Kansas. I would suppose the addition, and extension of our great L. & N. by another line from Columbus, Ga., to Jack Our next journey lay over the most trouble is in the blood and until the poison- tension of our great L. & N. by anous matter that is keeping up the ulcer is other line from Columbus, Ga., to Jackdriven out the place cannot heal. S. S. S. son, Alabama, and four cross roads

driven out the place cannot heal. S. S. S. reaches these old sores through the blood by removing every particle of poison or impurity from the circulation and building up the system. It makes the blood healthy so that as it circulates to the diseased parts the tissues are strengthened and the sore can heal naturally and permanently. If you have an old sore or ulcer do not waste time with salves, powders, plasters, etc., but write for our book and ask for any medical advice you wish. We make no charge for either.

THE SWIFT SPECIFIC CO., Atlanta. Ca.

Son, Alabama, and four cross roads from points on the main line in Alabama to our four unsurpassed bays at the gulf, and the map would then resemble a like area of the Santa Fe in Kansas; and the tourist may take the straight, or most circuitous of these, his business or pleasure suggests.

Our quest for men and money, for West Florida in general, and Grand Ridge in particular, led us through the southern tier of counties, and to Medicine Lodge, as our first base of operations. This whole section was almost depopulated when the "strip" of Oklahema was opened up four years ago, as many as forty families removing from one church of that town. And we have laid claim to several more for Florida.

Good to Move From.

Most of this country seems to us to be a good country to move from. It is semi-arid, having less than half the rainfall of Florida, and a soil so compact and much of the high prairie underlaid with rock, so that the heavy, dashing rains would run off, and could rot penetrate but little below the surface because of the rock strata; and hence is unfit for any grain crop except wheat, which is matured before the soil and grass is dried up. Here we found a thermometer of a full one hundred, and the air when stirring as warm as the sun, and the buffalo grass already dry as in winter. There are splendid people here and who could bring money and energy, that would soon make the best of homes for our dear southland, and if one tenth the effort was being made that tenth the effort was being made that was made to build up Kansas, and is row being made to take these people west, was made by us we could get a good share of them. And here, Mr. Editor, we regretted not having a thousand copies of your "Panama Edition" with us. Such illustrations and inforyesterday heard arguments in the mation as it will contain is what is cases against B. H. Burton. The ar- greatly needed, and that in great quan-
